

# VT Verso Cool Outdoor Housing

## VT Verso Housing Fan HPV42K0A017

*Protective housing for Axis Network Cameras\**

Videotec Verso Cool Outdoor Housing protects Axis Network Cameras in outdoor and adverse indoor conditions.

Made of the newest, most resistant technopolymer, the housing has high impact resistance and offers protection against rain and UV rays.

Stylishly designed and attractively priced, the housing enables the Axis Network Cameras to operate in temperatures up to +50 °C (122 °F) thanks to the built-in fan, but also down to -20 °C (-4 °F) when using a heater accessory.

Various brackets and accessories are also available.

- Indoor and outdoor installation
- IP44-rated protection against dust and rain
- Made entirely of high quality, technopolymer (polycarbonate)
- High resistance to impact
